March 26, 2016

Dear Supporter,

Godfrey Athletics' Training a Generation (T.A.G.) is located in the heart of the East and Far East regions of Columbus, Ohio. We have been serving the youth of our communities for over thirteen years operating developmental and competitive athletic leagues, leadership seminars and programming to ensure our youth are holistically prepared for their future.

T.A.G. is committed to training the youth and providing them with quality programming and extra-curricular activities to enhance their leadership skills, decrease childhood obesity and train them athletically. Our T.A.G. children work extremely hard to develop the essential knowledge and skills needed to prepare them for collegiate and career success; however our participants are unable to afford the necessary fees for quality programming and modern equipment. When our participants complete our programs and return to their schools, they consistently perform above their competitors and are healthier than their counterparts. We feel strongly that this level of excellence shouldn't be unattainable based on their lack of resources or being coined "at risk". We must continue this culture of success so that our children are best prepared to fulfill their dreams. We cannot do this alone, which is where you come in.

T.A.G. is hosting its' annual More for the Cure to be held May 13 – 15, 2016 in conjunction with the Columbus Race for Cure with our participants running or walking to join the fight against breast cancer. This celebration will feature an interactive marriage seminar, dinner, a live and silent auction, and music and dancing along with childcare. More for the Cure will raise awareness for breast cancer, celebrate Survivors, promote healthy lifestyles and strengthen families within our community.

Based on the needs of the many kids we serve, we're more dedicated than ever to being a catalyst of positive change in the community. As a non-profit youth organization, we rely on financial support from dedicated businesses and community representatives to raise funds for programming, equipment and operating expenses. We invite you to join in our excitement to create healthier and stronger families!

We appreciate any monetary, goods, or service contribution that you are willing to provide. We are a 501(C)3 non-profit organization, thus your donation is tax deductible. Attached are our Donation Form and a detailed giving level sheet. In exchange for this incredible and tax-deductible donation, we will acknowledge your gift and promote your business during More for the Cure weekend and advertise your business in our auction. Benefit auctions are one of the best ways to show your charitable spirit and reap the rewards of extensive low-cost advertising. By supporting this fundraiser you are helping to ensure the healthy future of the children in this community.

Sincerely,

Javar Godfrey
Godfrey Athletics' T.A.G. President
